GRTC BRT Traffic Analysis Report Version 3.0

Page 14 Original text states: A traffic signal is proposed at the intersection of Broad Street and Tilden Street to provide an additional left-turn into the Fan District from Westbound Broad Street.

Page 14 Revised text: *A traffic signal is proposed at the intersection of Broad Street and Tilden Street to provide an additional left-turn into the **Museum** District from Westbound Broad Street.*

Page 15 Original text states: Ultimately, the City of Richmond determined that this movement should remain restricted; in order to meet the westbound left-turn demand into The Fan, the westbound left turn will remain at Sheppard Street.

Page 15 Revised text states: *Ultimately, the City of Richmond determined that this movement should remain restricted; in order to meet the westbound left-turn demand into **the Museum District**, the westbound left turn will remain at Sheppard Street.*
