

January Public Informational Meeting Comments

Date	Name	Question/Comment
1/19/2016	Keandra Holloway	Great meeting. Anything to better our City/Communities, am all for it.
1/19/2016	Not Provided	It was difficult to follow the shuttle and circulator options without having a map look at. I was terribly confused as to what the options were because I only had a screen to refer to.
1/24/2016	Charles Warren	I was unable to attend the recent Pulse meetings, but did take time to review the materials online. I support the Pulse and any improvements in transit in the Richmond region. I liked what I saw of the proposed improvements to the routes in the east end. I particularly like the addition of the shuttle #2 service. I live near 25th street and see people often carry groceries up the hill from the Farm Fresh located at 25th and Main. I think this route would be very helpful to people who don't have access to a grocery store in Church Hill north. I am also curious if any considerations was given to having the shuttle #3 terminate at this station also. While making the overall trip to the west slightly longer, this would provide quicker access to a grocery store and pharmacy. It would also make the transfer more useful by giving passengers the opportunity to visit a grocery store during their trip.
