GRTC Bus Tracker Arrivals By Text: Service Update September 2018

GRTC is updating its text service providing bus tracker arrival information for customers. Effective September 30, 2018, all text alerts will be through a new number, "22827." To ensure you continue to receive future updates, please text "GRTC" and your bus stop number to 22827. This new number is live now for you.

For example, "GRTC 3623".

Bus stop numbers are posted at every GRTC bus stop sign.

After you text, you'll receive a reply text with the next bus estimated arrival times at your stop.

Standard carrier charges for text messaging may apply; check with your mobile carrier first.

We apologize for any inconvenience during this update, and thank you for using GRTC Bus Tracker arrivals by text.
