

QUESTIONS AND ANSWERS
TRANSIT AMENITIES
IFB# 168-18-04

1. Is lane closure required for all to be executed - **No lane closure is not always required**
2. How much sidewalk, curb, ramp required - **Minimal to none sidewalk, curb/ramp work required.**
3. On ramps, are we required slope ADA pad - **Ramps would not be part of the landing pad. When they are needed, it is usually at a nearby corner. Most instances curb cuts provided by GRTC are on private property/parking lot.**
4. Are there any drawings, maps showing the different work locations, extent of scope for each - **As each site is different, specs are provided for each of the requirements. This is continuous work, that is developed as the need arrives.**
5. Is there expectation of asphalt cutting or repairs, beside concrete removal if any - **This is not an expectation.**
