

GRTC Transit System

Board Discussion Item

Meeting Date: February 18, 2020

Item Title: Safety Performance

BACKGROUND:

In reviewing the numbers for the month of January, the Safety Department did notice an increase in Fixed Object accidents. The majority of these accidents were vehicle mirrors making contact with bus mirrors. Other fixed object accidents included contact made with tree branches and bus stop signs.

Preventable Accidents : 14

Non Preventable Accidents: 30

CURRENT STATUS: We conduct one on one re-training with individual operators and we addressed the issues during the safety meetings this month. We are working with the City to assist with trimming trees.
